Message from the Principal

Kia ora Riverina Community! What a fantastic term we have had. We have seen our students participate in various sporting events and have seen them showcase their creative talents at our Riverina's Got Talent performances. In addtion to these acheivements we have seen our tamariki demonstrate high levels of academic ability and high levels of engagement and focus towards their learning. They should all feel really proud of what they have achieved. We are excited about what next term will bring. Ka kite, Bryce Mills - Principal
