# Riverina School

Vision: "Every Child, Every Opportunity."

## School Donations

We have had a few queries about school donations over the last few weeks. Although our school is funded through an Operation Grant which covers fixed running costs, we are very reliant on donations to provide some of the educational extras. These can be resources or experiences. Our school vision is "Every Child, Every Opportunity" and our donations allow us to provide some of the extra opportunities that we otherwise may not be able to afford. This year we have committed to using the money from school donations towards the new playground build. The playground will benefit all of our students and it is a major focus for fundraising this year.

School Donations for our school are set at

- \$60 for one child
- \$100 for 2 or more children

Please note that our donations are not a compulsory payment. We do however make sure every donation benefits our students.
